

StudioDesk

A CLUTTER FREE WORK PLACE

A CLUTTER FREE WORKING ENVIRONMENT / WHILE STILL CONNECTED TO ALL YOUR PERIPHERALS.

SPECIFICALLY DESIGNED FOR LAPTOP USERS

All peripherals and excess cables are hidden just under the sliding desktop surface. The storage compartment is therefore conveniently accessed from above. An elongated slot across the width of the desktop allows the necessary peripheral & power cables to enter/exit at any point, thereby keeping the desktop clear of clutter.

A traditional table with a modern twist, this timeless design features solid mahogany legs and desktop edges with a natural oil finish. For durability, white laminate is used for the desktop surfaces and storage spaces.

SPECIFICATIONS

Package Contents

One Knocked Down Desk
One Faux Leather Mat
Assembly Tools & Instructions
SKU : SD-WH
UPC Codes : 6 89076 83802 3
